1996 Music for the Bagpipes by Robert S S Gray

I c1996

Cover, title; pp[i-ii], flyleaf; pp[1-14], tunes (14); p [15-16], advertisements.

The Author's Collection.
210mm x 300mm.

Little is known of the compiler but a number of books and tunes with his name are in the writer's collection. It appears he had correspondence with many people world wide and passed on much material.

This collection of tunes was privately published. The music is mainly hand written but three of the tunes have been computer generated. The pages are not numbered and the music is on the right hand side of the page only.

This book was originally from the late Willie Strachan's collection.
