In most cases the pipe tune is immediately followed by its drum setting. This edition has been abridged by the omission of 9 tunes, and rearranged so that pipe and drum settings of the same tunes always appear on the same open double page.

This edition can be dated after Paterson's changed their name from Paterson, Sons & Co Ltd (c1925) and before the NLS accession date 26 November 1928.

Unicorn Limited Inc in USA offers a reproduction on CD. See [www.scotpress.com](http://www.scotpress.com).
