372 The Edcath Collection of Highland Bagpipe Music by Donald Shaw Ramsay.

Cannon found one edition of Book 1 but was aware that there was an earlier printing. Refer to his comments under edition II. A previously unknown edition of Book 2 has been located.

There are three books in this collection and in the original Bibliography they were numbered:

- 372 Book 1
- 377 Book 2 and
- 393 Book 3.

All three books have been included here.

Book 1

I 1953

p [i], title; p [iii], preface; pp [iv, 1], index; pp 2-69, tunes (38), each with drum setting printed on opposite page; pp 70-91, tunes (20) without drum settings; p [92] blank.

The Author's Collection.
Paper covers.

The price on the cover is 6/-. There is no book number on either the cover or the title-page.

II c1968

Contents as I.

The Author's Collection.
Paper covers.

Paper covers. 7.0 x 10.4".

The copyright date (p 2) is 1953 and the book was on sale in that year. According to a recent advertisement, the first edition comprised 5000 copies, of which over 3000 had been sold by October 1953, and all but 250 by July 1954. The copy described above is of a later printing, purchased July 1968.

A review appeared in the Piping Times, October 1953. For the next book in the 'Edcath' series, see no. 377 below.

Book 2

I 1968

p [i], title; p [ii], advertisement; p [iii], preface; p [iv], index; pp 1-2, slow marches (3); p 3, retreats (2); pp 4-13, 2/4 marches (10); p 14, hornpipe (1); p 15, 2/4 march (1), pp 16-27, 6/8 marches (12); pp 28-33, strathspeys (7); pp 34-40, reels (7); pp 41-52, jigs (12).

The Author's Collection.

This edition was not located by Cannon but the price of 6/6 net clearly indicates that it is an earlier edition. It is assumed this is the first edition.
